Stepping Stones of Rockford
Improving lives one step at a time

- All of Us with Stepping Stones -

**The front cover is a reproduction of the two canvases that were painted by guests at our October 29, 2026 facility open house and then creatively finished by painter, sculptor, teacher and gallery owner Roni Golan. We thank Roni for engaging guests in the community mural project, embracing our mission, generously supporting Stepping Stones and helping to create a lasting memory of the celebration.
